(please tick relevant box)

My submission is:

(Include details and reasons for your position)

1) That the proposed subdivision restrictions (ie increasing lot sizes) may lead to more (not less) productive land being taken out of production.
Also at 40 hect minimum lot size (or even discretionary shed.) it does not provide provision for housing lots for family members. 2) Bone rearing into horticulture are not suitable for horticulture

S417.001,

I seek the following decision from the Council:

(Give precise details. If seeking amendments, how would you like to see the provision amended?)

1) That the subdivision sizes of rural production areas are reduced not increased & provision is made for 0.05 to 1 hectare lots. Even 2 hectare lots are too large for many home owners as home lots and so productive land is being wasted.
2) Land repurposed horticulture in some instances is creating a toxic environment for current residents (through sprays)
