Kapiro Conservation Trust (KCT) has an interest that is greater than the interest the general public has. In this case, the grounds for saying that KCT comes within this category are as follows:

KCT made an original submission on the PDP in October 2022. Not-for-profit conservation trust with an interest in the protection of the environment and ecological values, indigenous biodiversity, waterways, wetlands and coastal areas, protecting finite natural resources such as soil and productive land, avoiding urban sprawl in rural areas, addressing the environmental impacts of climate change.

- We wish to be heard at the hearing in support of my further submission.
- If others make a similar submission, we will consider presenting a joint case with them at the hearing.
