Please find attached my submission on the proposed changes to the current district plan.

I have already sent an email to Mr Greg Wilson concerning the lack of ability to file a submission online despite following all instructions on the website. I have tried several times to log-in but no luck. I have also tried to reset my password but have not been sent any link. It is disappointing as I have tried again this afternoon without luck. The paper version has taken longer and there is not enough room to put submissions. I have run out of time.

I wish to add this to section to my submission which is *3 on page 2 of my submission:

"Point 32.4, Section: Settlement, Sub-section: Standards

Provision RSZ-S7 - Oppose

This standard is not appropriate to the Opito Bay community and imposes undue restrictions on the community. Opito Bay is a built up historic community that enjoys an amazing kiwi feel which is based around residents and holiday makers having open access to each others property. Many residents are older and having no fences or screenings adds to the safety and security of the community. By imposing 1.8m fences or screenings would destroy the community feel and the nature of Opito Bay. Residents always have the option of building a fence or can plant screenings that ensure privacy if desired.

In fact, RSZ-S7 is likely to have some undesired consequences. Many properties are South facing and shading from overgrown boundary trees can be hazardous and dangerous as these shaded areas grow moss and mould on driveways. The current district plan has enough safeguards and RSZ-S7 is not appropriate in settlements like Opito Bay.

S508.001 I would like the council to delete clause RSZ-S7.

I wish to reserve the right to comment further on any new provision Council may introduce as a result of this submission point or any other submission point."

If you have any questions or queries on my submission or any of the above, I canbe contacted on either 0273125008 or this email.
