RE: Submission on the Proposed Far North District Plan 2022

1. **Details of persons making submission**

Smartlife Trust
C/- Bay of Islands Planning (2022) Limited
Attention: Steven Sanson
PO Box 318
PAIHIA 0247

2. **General Statement**

Smartlife Trust are directly affected by the Proposed Far North District Plan.

Smartlife Trust cannot gain an advantage in trade competition through this submission. They are directly impacted by the Proposed District Plan. The effects are not related to trade competition.

3. **Background & Context**

Background

Smartlife Trust own and operate the accommodation facility known as Kerikeri Holiday Park and Motels [the Park] , which has been operating for more than 25 years. The Park provides a range of transient accommodation facilities as well as on site amenities and services for their guests. The property has an approved connection to the Kerikeri Reticulated Wastewater System. This connection has been in place for over 10 years and serves all of the facilities within the Park. Several small residential sites have been approved with those approvals currently being given effect to.

Site Descriptions

The land to which this submission relates comprises the following Record of Title:

- ROT 382857 (Lot 5 DP 335706).

As per attached email - corrected details are 23 Aranga Road, being Lot 2 DP 395942 and Lot 3 DP 335706 (ROT 382857)

A plan showing the location of the land is provided at Figure 1.

Figure 1 - Site

Operative

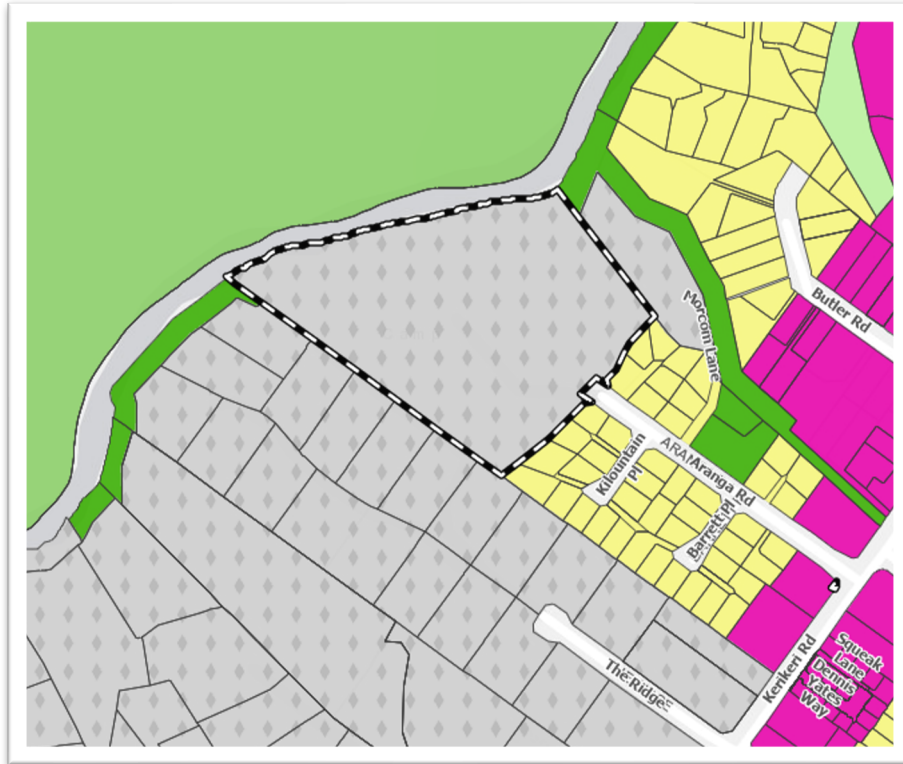

and Proposed District Plan Zoning

The Operative District Plan reveals the site is zoned **Rural Living** and an **Esplanade Priority** is shown with the site adjoining the Puketotara River.

ODP Zone Map

The PDP seeks to apply the **Rural Residential Zone** over the site and those adjoining. The PDP also indicates the property is influenced by a 1:100 year flood event. This event does not impact on any onsite facilities.

PDP ZONE MAP

4. **The specific provisions of the Proposed Far North District Plan that this submission relates to are:**

- Proposed Planning / Zone Maps which relate to the landholding referred to in Section 3 of this submission.

5. **Smartlife Trust seek the following amendments/relief:**

This submission requests that the Proposed Far North District Plan:

- Removes the **Rural Residential Zone** and replace with the **General Residential Zone** as they are provided for on the PDP E-Maps.

6. **The reasons for making the submission on the Proposed District Plan are as follows:**

- The submitters property adjoins the General Residential Zone along its south eastern boundary and has direct access onto Aranga Road. This road was established with the long term purpose of enabling residential development of the Park.
- Residential subdivision approvals have been granted to enable the creation of six residential sites as Non Complying activities. Therefore, Council has already promoted residential development on the site despite its Rural Residential zoning.
- A residential zoning would promote the opportunity for collaboration between our client and Council with respect to a potential esplanade reserve, completing the current gap in access along the river.
- The property is connected to the Kerikeri Wastewater Reticulation system. The creation of residential sites would result in less wastewater being disposed into the reticulated system compared to the current volumes discharged from the Park operations (if further subdivision potential was enabled through a zone change). Consequently, there is no additional loading or new connection to Councils reticulation systems if the zoning is changed to suit existing and proposed activities.
- The land is not identified as containing any high class soils or being defined as highly productive. This avoids the use of these soils proposed to be subdivided within the PDP.
- The inclusion of the Park within the General Residential Zone is a coherent extension of the residential area which creates the urban area of the Kerikeri town centre.
- The use of the Park for residential development would compensate for the loss of those properties along Kerikeri Road

previously zoned Residential and now Mixed Use Zone under the PDP.

7. **Smartlife Trust wish that the Far North District Council to address the above issue by:**

1. Amend the proposed zone for the subject site from Rural Residential to the **General Residential Zone**. S15.001
2. Any other relief to achieve the outcomes sought by this submission.

8. Our clients wish to be **heard** in relation this submission.

Yours sincerely,

Steven Sanson

Hi Steve,

Thank you for your submission on the Proposed Far North District Plan, seeking that the land referred to be zoned General Residential.

We have noticed that the legal identifier (Lot 5 DP 335706) used in the submission is incorrect. We assume you may be referring to the Kerikeri Holiday Park and Motel site at 23 Aranga Road, Kerikeri, but want to be sure. So that we can correctly summarise your submission, can you please clarify which land parcel you are referring to in your submission?

A response via email is preferred so that we can keep a written record of the correspondence.

Kind regards

District Planning Team
Far North District Council
