(please tick relevant box)

My submission is: Reject current size of land clearing "non remnant."
(Include details and reasons for your position) Under new plan (rural production) clearance of non remnant forest (ie tree) area is ridiculously too small. Regrowth of tree/gorse/and woolly nightshade on once productive agricultural pasture is simply a councils decision to go backwards in terms of economy.

I seek the following decision from the Council:

(Give precise details. If seeking amendments, how would you like to see the provision amended?)

Overturning the decision to only clear 5000m² in 5 years. Allow any number of activities to take place on newly cleared land with permits perhaps. Regrowth of indigenous vegetation ~~should~~ be allowed, but weeds should be managed and proof of this should be welcomed by the council and wider community

I wish to be heard in support of my submission
