My submission is:

(Include details and reasons for your position)

I support providing for limited clearance of indigenous vegetation in the circumstances listed in IB-R1. This is a practical approach to recognising that there will be circumstance where limited pruning, trimming and clearance is necessary and practical. I particularly support the inclusion of items 6 & 7, although believe the threshold applied to item 7 is too restrictive to accommodate a residential unit, onsite services and access. That access may in some instance be quite long and 1000m² clearance would be insufficient. Item 7 recognises those instances where there is existing title upon which the owner is entitled to anticipate being able to build/live on. They may not be able to do so without some level of clearance to provide for the house site and access.

I seek the following decision from the Council:

(Give precise details. If seeking amendments, how would you like to see the provision amended?)

Retain IB-R1 as written, with the exception that item 7 be amended to read "and it does not exceed a 2,000m²"
