My submission is:

(Include details and reasons for your position)

I believe some rules to be overly restrictive, particularly if indigenous vegetation is not an SNA (and there is an ecologist's report confirming this). A larger amount of clearance for zones with larger sized lots is acknowledged but I wonder if the Rural Lifestyle Zone is most appropriately lumped together with "all other zones" or whether there should be some recognition that lot sizes in this zone might be as large as 4ha.

I support the default to discretionary activity status where performance standards are not achieved.

I seek the following decision from the Council:

(Give precise details. If seeking amendments, how would you like to see the provision amended?)

Amend IB-R4 in part to read:

S196.001

PER-1, clause 2:

It does not exceed the following amounts per site over a 5-year period:

- i. Rural Production Zone, Horticulture Zone, Maori Purpose Zone and Treat Settlement Zone Overlay – 1 hectare if not in a remnant forest, otherwise 500m² in a remnant forest;
- ii. Rural Lifestyle Zone, 1,000m² if not a remnant forest, otherwise 500m² in a remnant forest;
- iii. All other zones – 500m².

Retain the default to discretionary activity status where performance standards are not achieved.
